

# Crossing the Road Safely

**Sometimes**  
when I go outside  
I have to cross the road...

At all times  
I have to remember to  
use my road safety skills!

I might be going to play with my friend,  
I might be going to visit my Granny,  
I might just be going for a nice walk!

Good road safety skills are:

- **Stopping at the kerb**
- **Looking right and Looking left**
- **Looking right again**
- **If there is a button I push it and wait for the green man.**

When there are  
no cars, or the  
cars have stopped.  
I can walk across in a  
straight line!

**These are FANTASTIC road safety skills and will help keep me safe.**
